

KRAFTS FOR KIDS:

Easter Extravaganza 2022 Sock Bunny

METROPOLITAN
PLUMBING • ELECTRICAL • AIR CON

STEP 1.

Gather all your supplies.

You will need:

- x1 sock
- Scissors
- Twine/string
- Ribbon
- Marker
- Rice
- Cup

STEP 2.

Fill your sock with rice.

To make this easier, stretch the opening of your sock around a cup, ideally a tall and wide one. Fill the rice to approximately 10cm from the top.

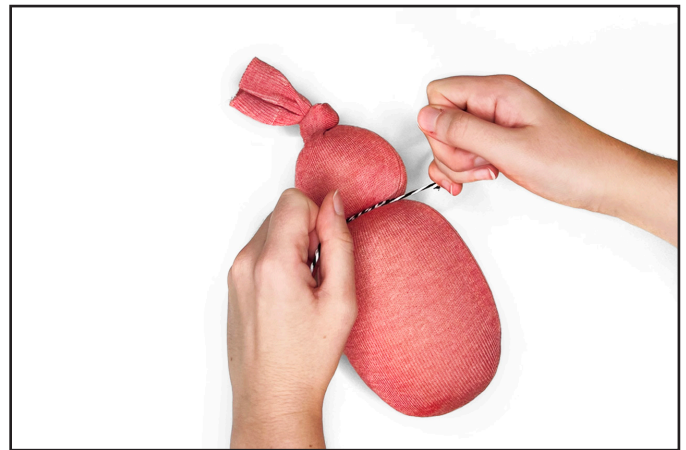

METROPOLITAN
PLUMBING • ELECTRICAL • AIR CON

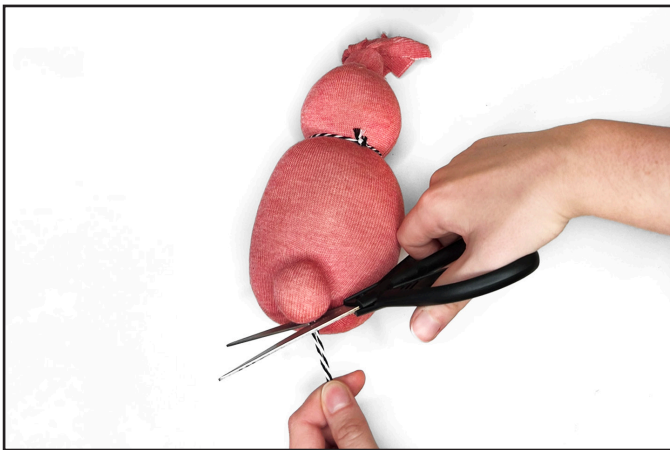

STEP 3.

Tie a knot at the top of the sock.

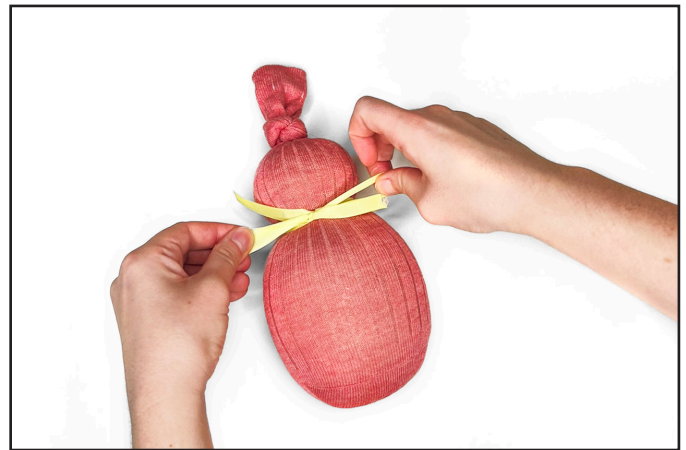

STEP 4.

Tie a string around the rice to create the head & body. Aim for a 1:3 ratio of head to body for ideal proportions. Tie a double knot and cut the excess string.

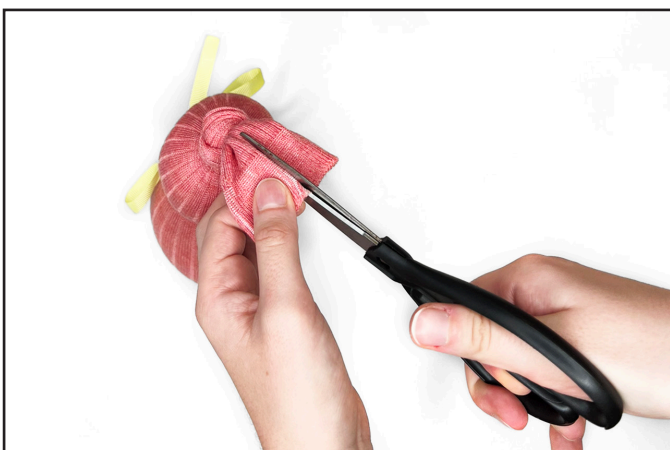

STEP 5.

Tie a knot at the bottom to create the tail. Pinch the rice at the bottom of the sock where you want the tail to be and tie a string around this section to create the tail. Double knot this to secure it.

STEP 6.

Tie a ribbon into a bow around the neck.

STEP 7.

Cut the excess sock at the top in half to create ears. Use your scissors to cut the excess sock at the top in half and stop close to the knot you tied in step 3.

STEP 8.

Give your sock rabbit a face.
